LETTERS SENT TO ALEXANDRIANS

Hospital Committee Desires All to Have Part in Movement.

ONLY FEW DAYS LEFT.

Corby Bakery Gives $50 and Barry & Whitmore Company of Washinton, Sends Donation of $25.

A number of letters have been sent out from headquarters to persons in Alexandria who have not contributed to the hospital fund. Probably in some cases an error may have been made in sending to some who have already contributed, but withheld their names, which accounts for the second request from the committee, which was not intended.

Among the contributors this morning was one from Barry & Whitmore Co., and another from Corby Bros. both of Washington.

There remains only a few days before the close of the campaign and it is sincerely hoped that everyone will try to send in their contributions before Saturday, so they may be placed on the list which the Executive Committee will turn over to the hospital Trustees on next Monday night.

It is pleasant to note that there has been a rapid sale of tickets for "Tatters" on Friday night. These young people from Washington who have been so earnest in their desire to assist the hospital should have the support of the entire community and it is sincerely hoped that our people will give them a rousing welcome.

Numerous entertainments have been given and are to be given for the benefit of the hospital, showing that it is the desire on the part of all to aid this laudable work.

On the 14th of May a contribution appeared in the published list under the head of "A Contributor $10.00." This should have been credited to Mr. Jacob Rose.

NEWS OF THE DAY

No additional half holidays during the summer months will be granted clerks in the government service, according to an executive order signed yesterday by the President. There will be a change, however, in the time at which the half holidays will begin. In past years Saturday half holidays have begun July 1 and ended October 1. This year, the half holidays will be advanced fifteen days and end fifteen days earlier. According to this schedule, the first half holiday will be on June 20, and the last on September 12.

Police raids of suffragette headquarters in London yesterday resulted in the discovery that several members of the royal family, including the Prince of Wales, have been regular contributors to the militant funds while the queen tried to contribute, but her offer was refused. These contributions do not mean that royalty favors militants. On the contrary it really amounts to paying blackmail for immunity for the persons and property of the royal family from militant attacks.

King Alfonso and Queen Victoria were the hosts of ex-President Roosevelt yesterday at a luncheon at their summer place at La Granja, 40 miles from Madrid.

B. L. Thorp, Kearneysville, W. Va. killed a six-foot blacksnake after a fierce fight.

Three children were incinerated when the home of Wiley Becher, Simmons, W. Va., burned.

Lizzie Mills, aged 30, of Berryville, Va., was found dead in bed at Martinsburg, W. Va.

PLAY GROUNDS ASSURED

A meeting of the Parents-Teachers Association was held last night at the residence of Mrs. T. Clifton Howard when the question of play grounds for the children was discussed. Conrad Johnson, presided and Mrs. Beall who has done such splendid work in the Playground's Association of Washington and Miss Norton, teacher in the Grover Cleveland High School, gave most interesting accounts of the work done for the mental and physical well-fare of the children of Washington.

It was decided to equip the Washington school grounds and to endeavor to secure a competent teacher. The followng committee was appointed to solicit funds: Mrs. John Leadbeater, Mrs. T. Clifton Howard, Mrs. James M. Duncan, Mrs. J. D. Dreifus, Mrs. C. S.Taylor Burke, Mrs. Robert S. Barrett and Mrs. T. Marshall Jones.

LONG MEETING OF THE CITY COUNCIL

Much Time Consumed in Considering Certain Matters Brought up

MONEY FOR HOSPITAL.

Aldermen Refuse to Concur With Common Council in Latter's Amendment to Ordinance.

Quite unexpectedly to all except those who were in the secret, the liquor question was sprung on Common Council last night when an effort was made to raise the license for retail and wholesale dealers $100. By a vote of six to six in the lower board the amendment to the license law, proposing the increase was defeated.

There had been no intimation that any effort would be made to increase the liquor license this year. The bill had been considered in the finance committee and had been passed by the Board of Aldermen. When it came before the lower board last night Councilman Brockett offered the amendments proposing the increases. He desired to make the licenses as follows: Wholesale dealer $375 instead of $275; retail dealer $350 instead of $250; shipper $425 instead of $325; malt liquor dealer $300 instead of $200, wholesale malt liquor $350 instead of $250.

There was little debate on the subject but many pertinent facts were brought out in the short discussion. Mr. Brockett said that his principal object in favoring the increases was on account of the need of revenue by the city. There will be a decrease of five in the number of saloons in Alexandria this year and the city will lose $1250 which should be made up by the other saloons. He said that the increase was in the interest of the saloon men themselves. He declared there were too many saloons in Alexandria, and that the number should be reduced. He was willing to bring about this reduction in one of two ways. He would vote for an ordinance limiting the number of saloons to fifteen, with a license of $1,000 or $1,500 per annum or he would agree to increase the license on the present number of saloons $100 per annum until the license reached such a figure that only fifteen saloons could pay a license, thus permitting a survival of the fittest.

Mr. Marshall opposed the increase, stating that he would never vote for any further increase in the taxes of the people of Alexandria. He said that the people are being taxed to death and in consequence many people of wealth were removing from the State. He cited an instance of where $300,000 had left the city of Alexandria within the past year.

Mr. Burke said that he was in favor of high license but that in the present case he would vote against the increase as he did not think it fair to put a further tax on the liquor man after he had already paid his state and government license amounting to about $600.

Mr. Smith combatted the idea advanced by Mr. Brockett that the reduction of the number of the saloons to fifteen would mean the survival of the fittest. He said that it had been his observation that the better class of saloons could ill afford to pay the increase while it would not be so seriously felt by the "joints."

A motion to lay the amendments on the table was lost by a vote of six to six and on the final vote on the passage of the amendments they were lost by a vote of six to six, the vote standing as follows:

For increases—Messrs. Leadbeater, Lambert, Sullivan, Brockett, Lowe, and Harrison—6.

Against increases—Messrs. Burke, Smith, Graham, Monroe, Marshall, and Brumback—6.

At the end of the session Mr. Brockett introduced an ordinance limiting the number of saloons to fifteen and providing rules for their government, the provisions of which will be found in another column of the Gazette.

Common Council and the Board of Aldermen got tangled up over the ordinance appropriating $5,000 for the Alexandria Hospital and in consequence the matter was held up for two weeks until a conference committee of the two boards can get together. When the ordinance which has passed the Aldermen reached the lower board there was objection to its passage by Mr. Marshall on the ground that a definite contract should be entered into by the city with the hospital management providing for the erection of a free ward and for the treatment of the poor of the city. He said that he was heartily in favor of appropriating the money but did not want to see it go as a "contribution" as he did not think any member of Council had the right to give away the money of the people.

He was joined by Mr. Smith who asked that the matter be placed on a business like basis so that he could vote for the appropriation.

The amendment by Mr. Marshall was adopted and the whole ordinance then went back to the Aldermen who refused to concur in the amendment adopted by the lower board. A conference committee was appointed and reached an agreement but their report was not satisfactory to the Aldermen and they were asked to further consider the matter and report at the next meeting.

Miss Rose McDonald, president of the Anti-Tuberculosis Society, appeared before Council and asked for an appropriation of $150 to be spent for medicines for the poor of the city under the direction of the visiting nurse employed by the society. Her request was referred to the finance committee.

The annual license law was passed as well as the appropriation bill carrying with it appropriations of $196,965.

BOARD OF ALDERMEN.

There is ordinarily but little discussion in the upper board, and the voters generally unanimous after interchanges of opinions. It was not so last night, however, but issues were precipitated upon nearly every paper read. It semed that all the members were in a loquacious mood although everything was done in a pleasant mood. The proceedings will be found in full elsewhere.

The amended ordinance for appropriating $5,000 towards the erection of a new Alexandria Hospital which had been received from the Common Council, caused the longest hang-fire.

The lower board had inserted a section providing that the Mayor enter into a stipulation with the Board of Managers of the Hospital for the care of such indigent poor of the city as may be declared fit subjects for free treatment. at the hospital, provided that there be no infringement upon the rules of the institution. It was also seen that the ordinance merely provided for an Alexandria city free ward, whereas the resolution appropriating the $5,000 as passed by the Aldermen provided for wards and full accommodation for persons entitled to free treatment.

The Aldermen refused to concur in the action of the Common Council in passing the resolution, and it was returned to the lower board. The Common Council adhered to their action and appointed Messrs. Smith and Leadbeater a committee of conference. The Aldermen appointed Messers. Field and Ballenger.

After a brief conference, the committee reported that they had erased certain words which it was thought would clear the matter to the Aldermen, but as the words concerning the rules of the hospital still remained, a majority of the board were averse to passing the ordinance in that shape.

Messrs. Field and Ballenger urged the adoption of the ordinance, but the other members were suspicious, it being intimated that the proviso concerning hospital rules might prove to be a 'joker" in the measure.

After discussion, on motion of Mr. Ogden, the ordinance was recommitted to the conference committee.

Mr. Brill called from the table an application of the Cardinal Athletic Club for permission to use the ground recently acquired by the city upon which to erect a high school building. The petition was granted by the Common Council May 12, but laid upon the table by the Aldermen. It was ordered to remain on the table by the Aldermen after Mr. Ballenger stated that the ground had been leased by a dairyman up to July 1st.

There was considerable interchange of opinion upon a number of other matters of a routine nature which came up. It was near eleven o'clock when the board adjourned.

DEATHS AT FIRE IN NEW YORK CITY

Five Burn to Death and two Killed by Jumping From Windows

FIREMEN'S HEROISM.

Thrilling Scenes at Conflagration—Believed to Have Been Caused by Spontaneous Combustion.

New York, June 10.—Five persons were burned to death, two were killed by jumping from fire-escape, and a dozen others were seriously, perhaps fatally injured, here today when fire swept through a tenement fire trap at 90 Essex street, in the densest portion of the East Side.

Two women, two children, and four men are in Gouverneur Hospital, some of them so seriously burned that death is believed almost sure.

One of the women victims and her dead child were found scorched to death near a fifth floor window, the woman's arms around the babe, showing that she died in a last effort to protect her young.

Perched on the top of a thirty-five-foot ladder in the rear of the building, Fireman John Gillen, of truck No. 6, saved several women.

When looking through a window on the fourth floor he saw seven-year-old Benjamin Levine crying for aid while smoke belched forth around him. Gillen climbed to the window. Just as he reached it the little boy crumpled up and vanished inside. Without an instant's delay Gillen leaped through-dived into the flames, and brought the boy out, badly burned.

When the firemen got into action their task was already almost hopeless. Nearly every one of the 175 persons who lived in the ramshackle structure had fled to the fire escapes, leaving every door open on the way, and the flames, unchecked, raged throughout the whole house.

Spontaneous combustion in a locked room was believed to have been the cause of the fire. As the building was of the oldest construction, the monetary loss was only about $20,000.

EXCITEMENT IN ROANOKE.

Mob Tries to Get Hold of Negro Assailant.

Roanoke, Va., June 10.—Walter Moore, a negro 20 years old, has just been landed in the Roanoke county jail for safekeeping, after narrowly escaping mob violence near the town of Salem, following his arrest on the charge of attacking Mrs. Sarah E. Patterson, 64 years old.

The crime occurred Sunday night at Mrs. Patterson's home, about two miles from Salem. She was choked into insensibility and badly bruised about the throat. When she went to Salem last evening to tell about the crime she could hardly talk.

Mrs. Patterson gave a description of her assailant, and later Moore was arrested near the city limits of Roanoke. He was identified by Mrs. Patterson as her assailant.

Feeling against the prisoner is at a high pitch, but the authorities have little fear of further trouble. Moore is being closely guarded, and it is expected he will be given a speedy trial. He is charged with a death penalty crime.

Mrs. George Evans has returned from an enjoyable visit with her son, Mr. Chaplain Evans, at Annapolis.

WHY A FORD? Because its economy and dependability gives it a value which cannot be measured by price.

YESTERDAY'S ELECTION

About Three-Fourths of Qualified Voters of Democratic Party Remained Away From Polls.

The general election yesterday was apathetic, as is generally the case when there is no opposition to the candidates nominated at a primary by the democratic party. The weather was pleasant and there was no good reason why a full vote was not cast. The city committee had requested a full turnout, but their appeal was ignored by many.

The judges of election had a quiet day, as there were long intervals in the appearance of voters. In some cases those conducting the election took seats upon the pavements in front of the polls and whiled away the time waiting for suffragans to call.

The electoral board will meet tomorrow morning at ten o'clock in the office of Nevell S. Greenaway, clerk of courts, and canvass the returns of yesterday's election.

The vote cast was very small, unofficial figures being as folows: First ward, Alderman Jacob Brill, 98; Councilmen, F. F. Marbury, 99; John Leadbeater, 99; second ward, Aldermen, George H. Robinson, 112; Councilmen, C. W. Wattles, 111, William Desmond, 110; third ward, Aldermen, Maurice Wilkins, 89; councilmen, A. D. Brockett, 89; James W. Bales, 86; fourth ward, Aldermen, C. J. W. Summers, 84; councilmen, Nicholas J. Lawler, 86; Charles Bendheim, 86.

SUIT FOR DAMAGES.

Mrs. Lucy A. Dowell, has brought suit in Washington for $5,000 against the Potomac and Chesapeake Steamboat Company, because of the death of her brother, Richard Foster, who was drowned on July 23, 1913. DRASTIC SALOON LAW

Councilman Brockett Would Reduce Number of Saloons to 15 With $1,000 License.

Councilman A. D. Brockett introduced an ordinance in Council last night which if passed would knock the saloon interests in Alexandria a hard blow. Owing to the lateness of the hour the ordinance was not read but was referred to the joint committee on finance and general laws.

The provisions of the ordinance are drastic.

In the first place, it would make the saloons fifteen, where there are now more than fifty; all saloons would have to be wide open to the public after closing hours, and the closing hours were fixed in the ordinance at 10 o'clock at night, while 6 a. m. was fixed as the opening hour. Sufficient light must be provided after the closing hour so that all can see the interior of places where liquor is sold.

Also it is provided that it shall be unlawful to maintain any billiard or pool table, bagatele table, or bowling or gambling device in connection with the saloons.

Restaurants, lunchrooms, resorts or groceries which conduct a liquor business must provide an entrance in such a way that the interior of the place is in full view during closing hours. Curtains, screens, stained glass and other such things are tabooed after closing hours.

Section 9 reads as follows: "That not more than fifteen places in the city of Alexandria shall be licensed where ardent spirits are to be sold by retail, but no hotelkeeper shall be licensed unless the hotel shall keep not less than ten bedrooms for the accommodation of guests, and no place shall be licensed where any performance or show is allowed in conjunction or combination therewith, nor shall there be any opening or connection between such places so licensed and any other place where any such performance or show is allowed.

It is further provided that no person shall be granted a license to sell liquor unless it shall be shown to the judge of the court hearing the application that the applicant is a registered voter and is a person of good reputation in the community in which he resides. A bond of $1,000 is provided.

Fines for violation of the ordinance range from $100 to $500 and the license forfeited. If convicted the party shall not be granted a license within a period of five years. The ordinance, it is provided, becomes operative May 1, 1915.

The amount of license is not stated but Mr. Brockett said that he would favor a license of not less than $1,000 per annum if the number of the saloons were reduced to fifteen.

SHIPMENT OF TIES.

Transportation North by Water is Apparently Abandoned.

While the shipment of railroad ties from the Potomac river to Boston and other northern ports in large vessels has been very light this season, quantities of ties are being sent north by rail, and a large fleet of small craft has entered the tie-running trade. Usually at this season of the year barges have loaded at Alexandria for a north Atlantic port, and others are under charter, but so far this year not a barge has taken a cargo from Alexandria, and there is but little prospect just now of any loading, as the railroad companies are making but few new contracts for ties.

Between Sunday morning and Monday noon, ten vessels laden with railroad ties arrived at Washington and Alexandria, consigned to Washington dealers, and the wharves are piled high with the construction material.

LIMIT TO THE NUMBER OF SALOONS.

Without going into a discussion of the ordinance presented by Mr. Brockett to Council last night providing for the reduction of the number of saloons in Alexandria to fifteen and otherwise regulating the traffic, we are convinced that the introduction of the ordinance at this time is unopportune. Wthin three months the people of Alexandria will be called upon to vote on the question of the abolishment of all saloons in the city and we would prefer to know what action they will take on that question before putting up a new liquor proposition to them.

PEDDLERS MUST PAY ANNUAL LICENSE.

Through the efforts of the Retail Merchants Association an amendment to the license law was passed by Council last night which will require peddlers to pay an annual license of $25 and they will not be given an oportunity to secure a license for a lesser payment, even if they are here for a day. This law wil not interfere with farmers bringing their own products to town to sell but will prevent hucksters from Washington selling condemned food in this city. At certain seasons of the year Alexandria is flooded with peddlers who invariably victimize their customers by giving them inferior goods with short measures and weights.

SERIOUS CHARGE.

Young Man Alleged to Have Profited by Girl Wife's Life of Sin.

Richmond, June 10.—Andrew Bigger, a young man, nineteen years old, was in police court today on a charge of pandering, the case going over till tomorrow to allow him time to procure the services of a lawyer.

Bigger is alleged to receive part of the money taken in by his girl wife, Bessie Johnson Bigger, in a house on Mayo stret. He was arreted in the house Saturday night by Detective Charles Atkinson.

The couple were married May 7, 1913, by Dr. Carson, of Fairmount Methodist Church, the ceremony taking place in the bride's home at 1923 Washington street.

The young wife said Monday in court that she will not be eighteen years old until March 14th next. She also said that she was forced to go out and make a living because her husband failed to provide proper support for her. At first she found lodging in a house on East Marshall street, barely two blocks from police headquarters. Later, she entered Mary Fagan's home on North Fifteenth street, which has been very much in the limelight of late because of a felonious assault case which brought out the fact that three girls of seemingly tender years were inmates of the place.

Bigger's wife is said to have gone from this home to the Mayo Street [illegible]. The girl had her photograph [illegible] at police headquarters a few [illegible] ago.

SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months.

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought it was no use for I was nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health."

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui *today*. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.
